# **Bloodborne Pathogens**

**(HSC 1201)**

*Classroom Setting- \$10*

*Or*

*Online- \$15*

*(Register at any time for online formatted)*

## **Program Overview:**

Over five million workers in health care related fields are at risk to exposure to blood borne pathogens, such as the HIV virus and hepatitis B virus, as well as tuberculosis. If you are at risk for exposure, you need to know how to protect yourself. This course is designed to meet the current OSHA training requirements. Blood borne Pathogens was created for those of you who have potential for occupational exposure to blood or other potentially infectious materials. In addition to learning the content of the OSHA Standard, you will receive training on the categories defined with the Standard.

## **Course Cost:**

\$10 classroom

\$15 online

## **Career Opportunities:**

This course is approved for 1 hour of DSS credit for Early Childhood. It also meets OSHA training requirements on blood borne pathogens for Emergency Medical Services, Rescue Squads, Independent Ambulance Services, Hospital Emergency Departments, Clinics, Dr.'s offices....
