

Corporate and Continuing Education: Personal Interest

Boater Safety

York Technical College in partnership with the South Carolina Department of National Resources offer a boater safety education course. This course provides students an opportunity to spend time with a DNR boating expert and learn how the tricks to handling a boat safely. This course will also allow you to comply with the boating law and may potentially make you eligible for a discount on your boat or Personal Water Craft (jet ski) insurance.

Please bring a #2 pencil and social security card with you to class. Anyone 15 yrs. or under must have a parent present in the class. Only the student must be charged tuition unless the parent wants a license.

****Please note that boaters under 16 years of age are required by law to pass an approved boater education course before operating, without supervision, a personal watercraft (jet ski) or a boat powered by 15 hp motor or more.**

To view the upcoming dates for the courses and to register, simply follow these instructions:
