

**Nitrous Oxide-Oxygen Monitoring
HSC 929**

Coordinated by
York Technical College Dental Health Professions Program
and
Continuing Education Health and Human Services

Call For Dates and Times

Course Cost: \$99

Nitrous Oxide-Oxygen Monitoring is designed to acquaint dental hygienists and dental assistants with the proper procedure for monitoring nitrous oxide-oxygen use in a dental office. The participant will be provided the opportunity to gain didactic and clinical competence in monitoring nitrous oxide and oxygen conscious sedation and become eligible for certification by the South Carolina Board of Dentistry and a one-hour CEU will be awarded. This course has been submitted to the South Carolina Board of Dentistry for certification approval.
