

NAHB Building Careers Job Bank

The National Association of Home Builders (NAHB) is a Washington, DC-based trade association representing more than 211,000 residential home building and remodeling industry members. Known as the "voice of the housing industry," NAHB is affiliated with more than 800 state and local home builders' associations across the country.

The Home Builders Institute (HBI), the workforce development arm of NAHB, promotes the home building industry as a career and helps address its workforce needs through trades training and job placement; the NAHB Student Chapters, home to the youngest members; partnerships between the industry and education; national standards-based instructional resources; and direct assistance to HBAs in workforce development.

The NAHB Building Careers Job Bank is a service and member benefit for NAHB members to address the need for qualified employees in the housing industry. It is the industry's premiere resource for job seekers and employers alike. Job seekers can search job by category, location, and/or job type. Employers can register and post job openings, as well as search through resumes to find qualified employees.

Whether you are searching for a job, or looking for employees, NAHB's Building Careers Job Bank is the number one resource for craft, technical, and professional jobs in the residential construction industry!
