COURSE DESCRIPTION

This course provides an integrated, clinically based rotation which correlates cognitive and technical skills in selected areas of the clinical laboratory.

COURSE COMPETENCIES AND OBJECTIVES

Competencies and objectives for each departmental rotation are listed in the Notebook for Clinical Rotations available in the MLT Department manager's office.

COURSE REQUIREMENTS

1. Attend clinical consistently. Any days missed must be made up in the department where the absence occurred at the discretion of the clinical faculty/facility.
2. Students will adhere to the student code of conduct as described in the York Technical College Catalog and Handbook. Students will conduct themselves with dignity and maintain high standards of responsible citizenship. Any student caught cheating or involved in any other academic dishonesty will be given a grade of zero and will be subject to further disciplinary action.

EVALUATION STRATEGIES/GRADING

The semester grade is based on two components, practice and theory. A score of 70 or better must be attained in each component to pass the course. The final grade for the course is determined by an average of the two passing scores. The practice component is measured by the hospital evaluations, and the theory component is measured by the departmental finals. All hospital evaluations must be satisfactory and passing in order to pass the course.

1. Perform all laboratory exercises at a satisfactory level as specified in the clinical evaluation forms.
2. A passing score must be attained on all departmental pretests and departmental finals.
3. All hospital study questions must be completed.
4. A score of 70 or better must be attained in all MLT courses.

Grading Scale:

90 - 100 = A

80 - 89 = B

70 - 79 = C

60-69 = D

<60 = F

- **A grade of C or better** must be obtained in this class for progression in the MLT program.
